25X1A

Dr. Scoville reported that the TACKLE flight to the missile test range has been delayed 24 hours. There was a discussion of Bundy's comments at last week's Special Group meeting that the Agency should consider making the Far Eastern flights in weatherless than CAT-2. DDR was asked to look into this.

DDR covered the status of aircrafts at Edwards. He wants the first one of the two planes there to go [REDACTED] DCI asked DDR to find out, if this is done, when we will be able to have two planes at Edwards on standby for Cuba. DCI directed that two must be on such standby.
